

Zinfandel 2012

LODI, CALIFORNIA

With a label inspired by the psychedelic rock posters of the 1960s, Zinfandelic captures the spirit of Zinfandel, California's quintessential wine.

Lodi, the self-proclaimed "Zinfandel Capital of the World", is home to some of the finest Zinfandels in California. The distinctive characteristics of the region are reflected in our 2012 Lodi Zinfandel, with lush berry fruit flavors accented by cocoa and vanilla. Soft tannins lead to a long, lingering finish.

Lodi, California

Located east of the San Francisco Bay, at the edge of the Sacramento River Delta, Lodi is home to some of the oldest Zinfandel vineyards in the state. A dry growing season featuring warm days and cool evening breezes offer ideal growing conditions that lead to full-flavored wines. Vineyards are planted in either fine sandy loam soils at lower elevations, or clay-base at higher elevations. These well-draining soils produce well-structured wines with intense fruit flavors and rich silky texture.

It's Zinfandelic

Zinfandel, always the quintessential California wine, captures the true flavor of California. It's free love in a bottle, with a vibe all its own – at times mellow, at others flamboyant or even spicy. But it's always, dare we say, groovy.
