## Sierra Foothills Zinfandel Old Vine 2012

With a label inspired by the psychedelic rock posters of the 1960s, Zinfandelic captures the spirit of Zinfandel, California's quintessential wine. The organically farmed old vine vineyards are located in Sierra Foothills, a region renowned for being home to some of the oldest Zinfandel vines in the world.

The high altitude vineyards and sandy clay loam soils yield a bold Old Vine Zinfandel, with rich, bright raspberry and black cherry fruit complemented by hints of spice and sweet oak that add to its complexity. The fresh fruit characteristics are balanced by lively acidity, hallmarks of the Sierra Foothills.

### **Sierra Foothills**

The Sierra Foothills, nestled against the Sierra Nevada mountain range in central California, is renowned for producing California's finest Zinfandels, some of them crafted from 19th-century vines. This organically farmed old vine vineyard is planted on hillsides with soils of sandy clay loam derived from decomposed granite. The warm days and cool evening breezes from the Sierra Mountains promote full ripening of the grapes and a balanced acidity, leading to robust, intensely flavored wines.

### **It's Zinfandelic**

Zinfandel has always been the quintessential California wine. Taking on the characteristics of the regions where it's grown, the flavor of a California Zin is like the flavor of California itself. It's free love in a bottle, with a vibe all its own - at times mellow, others bold or even spicy. But it's always, dare we say, groovy.
